

The Library Fairy!

**Advancing literacy, unity and self-esteem
in children through the magic of story.**

Come see **The Library Fairy** perform stories from rich, diverse cultures and corners of the world! Children get a chance to perform in **Story Theater** with fun costumes and dynamically act out a tale. They also learn how to become the hero of their own story and share tales they've heard from their family and ancestors: breathing life into the lost oral traditions of family and culture.
